BHCC COVID-19 Safety Guidelines:
What You Need to Know and Do Differently

Travel to Maine

When planning travel to Maine for yourself or your guests there are now limited options for complying with the Governor's mandates:

- 14-day quarantine is required upon arrival. This quarantine can end if there is a negative test result from either a Maine source or a "non-Maine" source if taken within 72 hours of entering Maine.
- If guests arrive without a negative test the entire household would be required to quarantine.
- Visitors to Maine who reside in Connecticut, New Hampshire, New Jersey, New York or Vermont are not required to quarantine or test.
